Enchanting Since 1867: Unveiling the Timeless
Magic of Radsetzerei

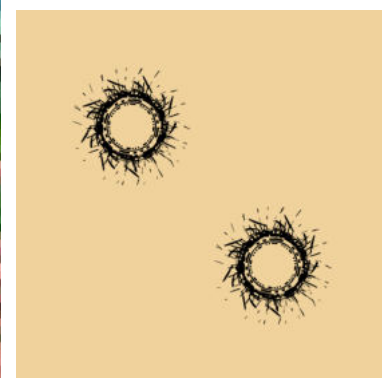

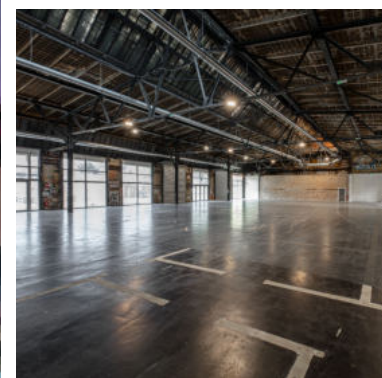

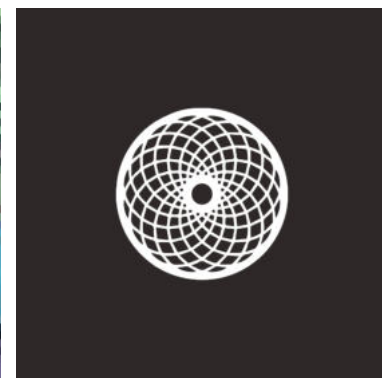

HISTORY

The Perfect Location For Your Event

Discover the captivating story of the former Reichsbahnausbesserungswerk (RAW) Berlin, a remarkable testament to early industrial culture, dating back to 1867 when it first opened as the "Königliche Eisenbahnhauptwerkstatt Berlin II." While serving as a factory until 1991, this iconic RAW site has undergone a remarkable transformation, emerging as a thriving hub for clubs, bars, restaurants, and neighborhood life.

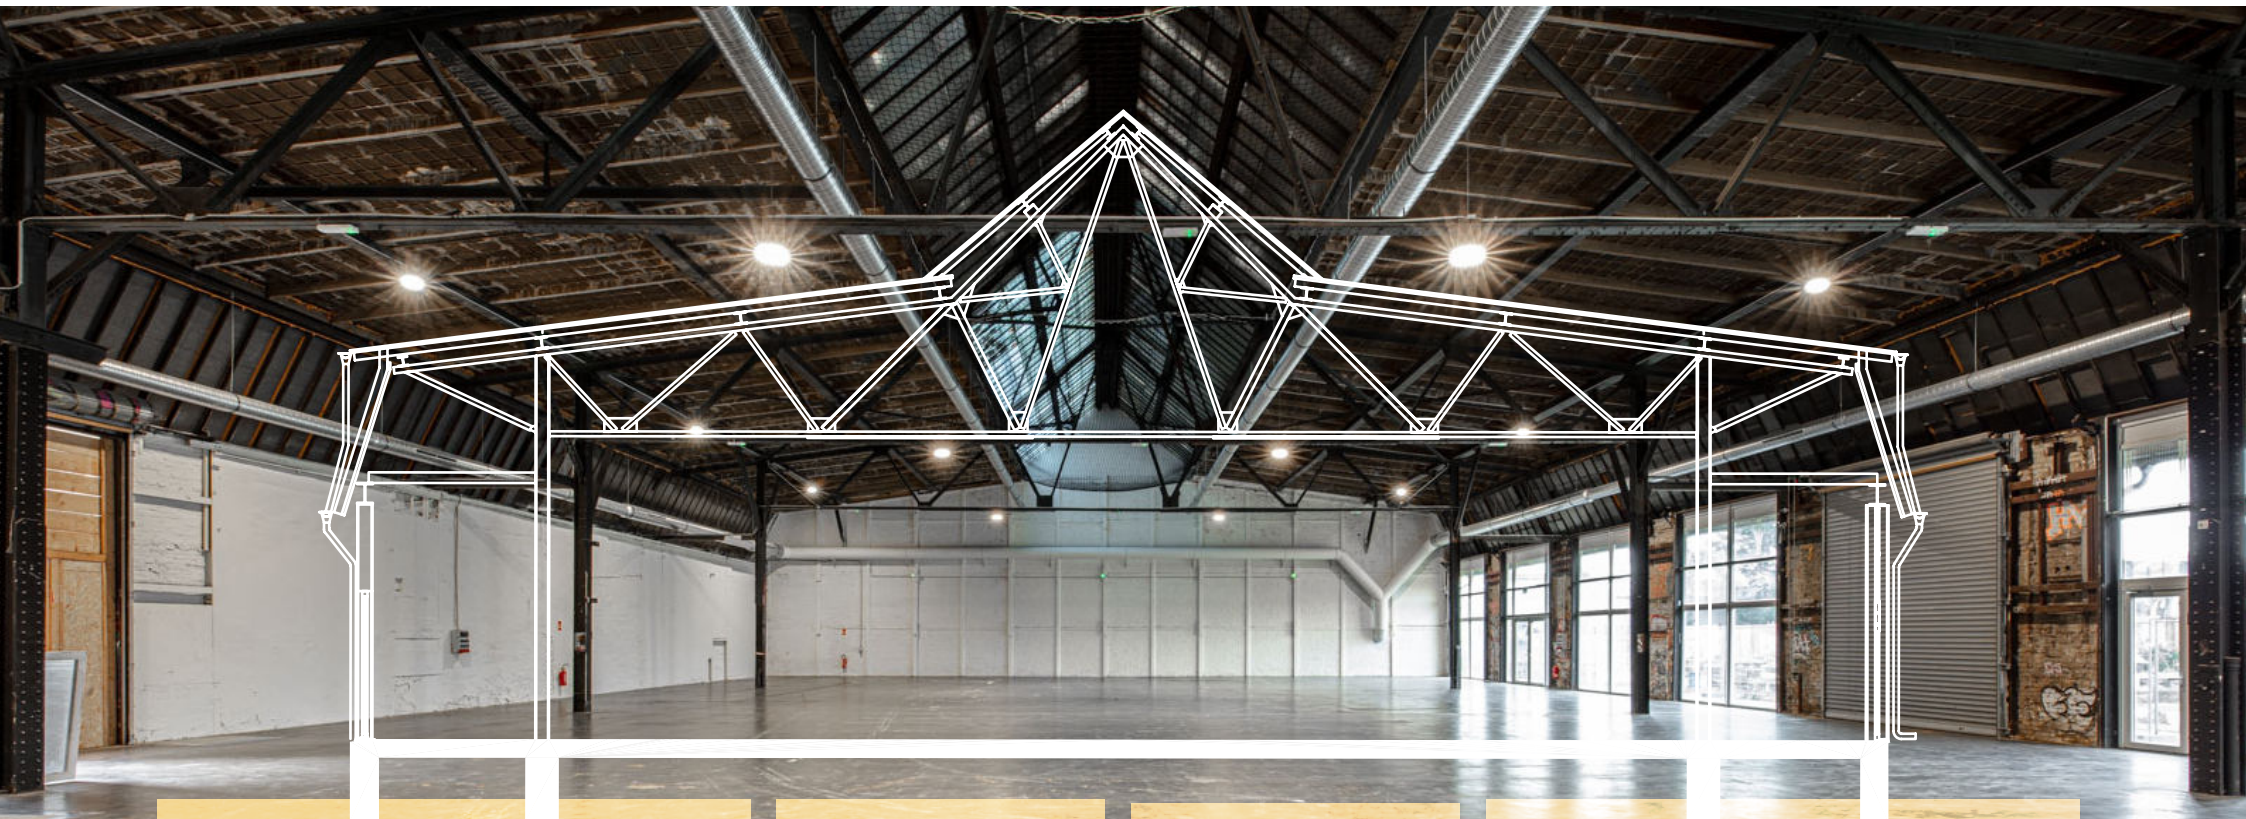

On eastern part of RAW lies the enchanting Radsetzerei. Seize the opportunity to create an unforgettable experience for your guests. With a perfect blend of indoor and outdoor spaces, you'll have the freedom to design your event exactly as you envision it: host conferences indoors, foster networking under the sun, savor dinner in a romantic and cozy ambiance, or showcase exhibitions amidst an urban flair. We're here to support you every step of the way, ensuring your guests indulge in an unforgettable event.

FACTS

Your Blueprint to an Unforgettable Event

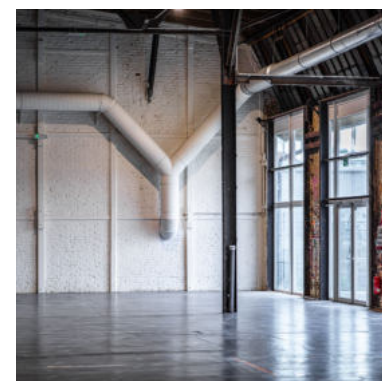

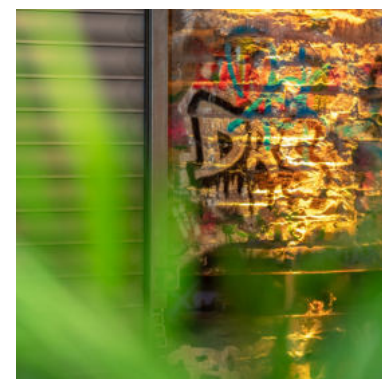

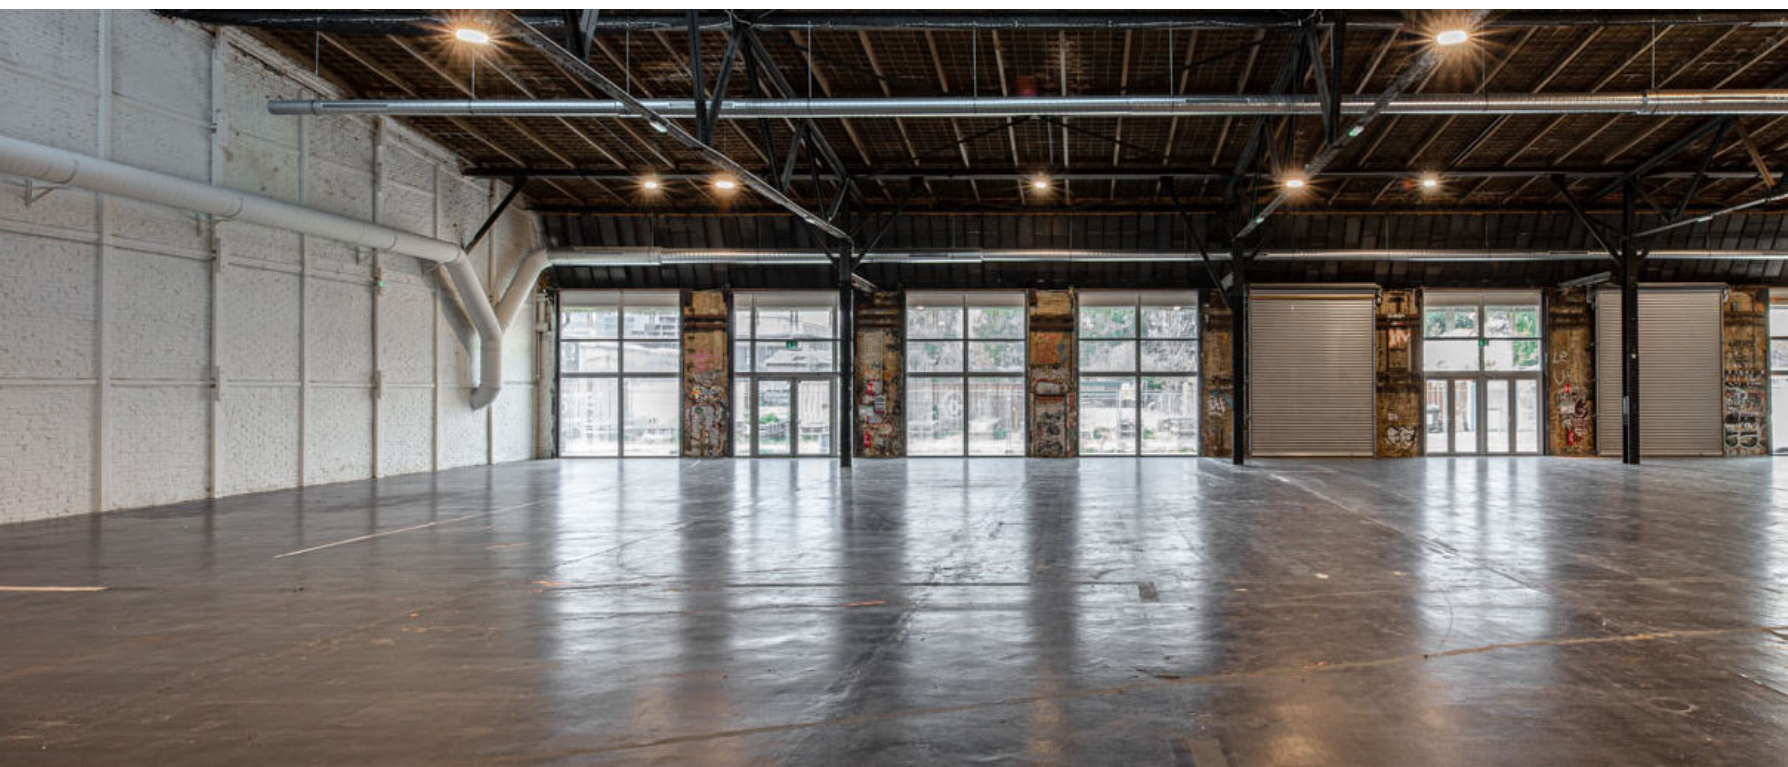

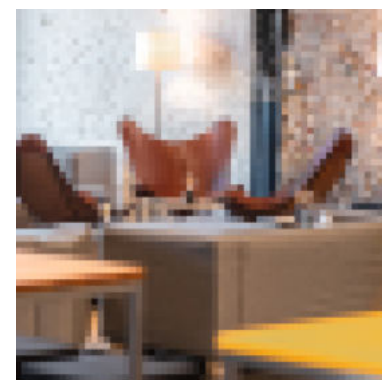

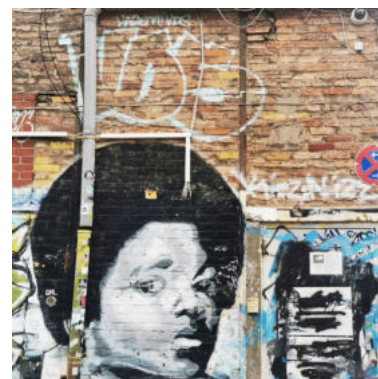

Gross Floor Area Hall: ca. 1.300 m²
Useable Area: ca. 1.110 m²
